Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE. Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. PLEASE BID BY THE LOT. Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. LOTS CANNOT BE BROKEN. Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

- 1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. SEND BIDS AIRMAIL—IT PAYS.
- 2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.
- 3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITH-IN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

15th EDITION GUIDE BOOK AND 18th EDITION STANDARD CATALOG USED IN CATALOGING THIS SALE

Gold, silver, small cents, types, commems (gold & silver), and scarce currency, seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.) In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING SUCCESSIVE CATALOGS WITHOUT INTERRUPTION

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having catalogued over two hundred forty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "knowit-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 7c airmail stamp to find out what we would pay for your outstanding pieces? naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we deciced to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

25. 1794 8X7 STARS, FLOWING HAIR, A CHOICE NEARLY UNCIRCU-LATED SPECIMEN. IN FACT, ONE OF THE TOP CONDITION ONES OF THE 40 OR SO SPECIMENS SAID TO EXIST. We note a comparable specimen sold FIVE YEARS AGO in 1957 in New York (Empire Sale) at \$6500.00. We also find a record of an uncirculated specimen bringing \$8,000.00 SIX YEARS AGO in 1956 in the A.N.A. Convention sale. At that time, it had a catalog value of only \$2,-500.00. Now, it has successively advanced in the catalog to its present valuation of \$10,000.00. Using the same yard stick, an uncirculated speciman could conceivably bring \$40,000.00; however, we shall be conservative and only state that if an uncirculated specimen were to be offered today, it should certainly bring well over ____\$20,000.00

1795-1803 SILVER DOLLARS

1795 B-7, TYPE 94 with small head and FLOWING HAIR, 14 BER-26. RIES, THREE LEAVES Reverse (only one such die) extremely fine. RARE. IN GREAT DEMAND FOR TYPE. Should bring close to ______ 500.00

- 27. 1795 B9, TYPE 94 with TWO LEAVES, 17 berries Reverse. A choice Nearly Uncirculated specimen struck on a slightly granular planchet characteristic of this variety. VERY RARE VARIETY in CHOICE CONDITION. Easily worth
- 28. 1795 B-14, 8X7 Stars, BUST TYPE (Hair In Knot) SMALLER EAGLE, bust engraved Much Too Far To Left (as pictured in the guidebook) Only 7 Berries Reverse. A SHARPLY STRUCK SPECIMEN WITH PROOF SURFACE, some faint "mint equalization marks" placed on the coin by the mint at time of its manufacture. SELDOM OFFERED SO CHOICE. Easily worth in excess of \$750 and may very well bring closer to _____\$1000.00
- 1796 B-4a, Small Date and Large Letters, about very fine. EXTREMELY 29. RARE VARIETY. Mr. Bolender states he only knew of one specimen at the time he wrote his book in 1950. Whether this is the identical specimen or a new one, we cannot tell from his description. Certainly this UNIQUE or Semi-Unique variety should be worth at least

30.	1797 B-1, THIRD TYPE with 16 STARS (9X7) as Tennessee became the
	16th state, extremely fine. THE RAREST YEAR 1795 THRU 1803! Too
	low at

31.	1797 B3, FOURTH TYPE with 10X6 STARS, bluish golden UNCIR-
	CULATED. TWICE AS RARE AS THE 9X7 TYPE! If this VERY RARE
	coin were in our stock, our asking price would be not less than\$1000.00

2.	1798 B-1, FIFTH TYPE, 13 STARS OBVERSE (it was seen how imprac-
	tical it would be to add a star for each new state) SMALL EAGLE, very
	fine. ONLY ONE COMBINATION OF DIES FOR THIS TYPE. VERY
	RARE VARIETY AND TYPE. Easily worth
	1798 B-13, SIXTH TYPE with LARGE HERALDIC EAGLE, 13 STARS,
	ONLY 10 ARROWS, near (but not quite) the extremely fine condition
	for which it was acquired.
	1798 B-9, Close Date, 5 berries, ONLY 12 ARROWS, bluish golden UN-CIRCULATED. VERY RARE.
•	1798 B-23, Wide Date, 5 small berries, 13 Arrows, bluish golden Uncir-
	culated. RARE.
	1798 B-29, Close Date, HIGH 8, very fine with some portions extremely
	fine. SCARCE.
	1799 B-1a, 1799/98 with 13 Stars Reverse, heavy die break over firs
	T in STATES, very good. RARE.

1796 LIKERTY HALF DIME

764. 1796 LIKERTY variety, good with actually being closer to very good in some respects. RARE. UNPRICED IN GUIDEBOOK! We note a specimen was offered in the A.N.A. convention sale last August described as "very fine to extremely fine obverse and fine or better reverse." That sold for \$1800.00 and was valued at \$2500.00. While this specimen is not as nice, it should still bring a proportionate value.

783	in nickel as the regular issue. Same relationship as the 1856 Flying Eagle 1c bears to the 1857 1c except ONLY 9 OR 10 WERE ISSUED OF THE 5c Compared To 1000 Of The 1856 1c said to have been issued. Draw your own conclusions as to rarity and potential rise in value. For instance, it might be well to keep in mind that 5 of the 1913 Liberty Head nickels were issued (compared to the 9 or 10 of this nickel) and that the 1913 is now valued at \$50,-000.00. The only realistic valuation we could find was that published in the March 9, 1961 Coin World giving a list and valuation of all the transitional coins. Therein it states that the "one in the 1959 A.N.A. sale sold for \$1400.00. Another was recently sold privately for \$2500.00." Since this was over a year ago, we
	feel this GREAT RARITY should now bring between \$4500.00 and \$5,000.00

SET 1883 METRIC LIBERTY NICKELS

When the Liberty Head nickel was being contemplated, a most interesting idea was proposed to indicate the composition of the nickel on the reverse of the coin. The following set of four coins represent this idea in the various compositions and would make a prize-winning display, as well as forming the basis of a "talk" or paper.

\$50 1915 ROUND PANAMA PACIFIC GOLD

1303. \$50 1915 Issued for Panama Pacific Exposition held at San Francisco, ROUND. Helmeted head of goddess Minerva and Roman Date, reverse has owl (symbol of wisdom). BRILLIANT UNCIR-CULATED. Nearly 50% rarer than the \$50 octagon which seems to now be around \$4500.00. While we feel this POPULAR RAR-ITY should proportionately be worth around \$7,500.00, it will probably bring closer to \$6,000.00. About two years ago, this coin could have been acquired (when available) for about half this amount. What will it be worth two years from now? If the present trend in values continues (as appears probable) it could very well double in value again to somewhere within range of ______\$12,000.00

QUARTER EAGLES (\$21/2 GOLD)

The rise in demand and values during the past year is little short of phenominal. No doubt some of the following valuations will be too low by the time this catalog appears in print.

1593	1802 OVER 1, Extremely fine (the type that generally seem to be
1370.	1002 Over 1, extremely fine the type that generally seem to be
	called "about uncirculated" these days). An attractive specimen of
	these elusive early dates in such strong demand by type collectors.
	The last one in this condition we saw was \$1750; by the time this
	one sells, the market will probably be closer to\$2000.00

1594.	1834 NEW TYPE, NO MOTTO, Rare Small Date and SMALL BUST, Brilliant Uncirculated with HIGH WIRE EDGE AROUND BOTH OBVERSE & REVERSE, also PROOF surface (have seen these called "proof" and sell to \$1000).
